Perceptions Matter. Perceptions Cost.

A traditional approach to communication does not take perception into account.

BUYER BRAIN

Me®

When communication lacks clarity,
consistency and conciseness,

Sometimes We Imagine The Worst...

© Terragni consulting (P) ltd Private and confidential not to be circulated without prior authorisation

Me®

Until...

Perceived friction is the anticipation of effort or friction, even when there may not actually be any, or where the quantum of friction is far lower than anticipated. It creates confusion, anxiety and disengagement.

SAMPLE

Me®

Before

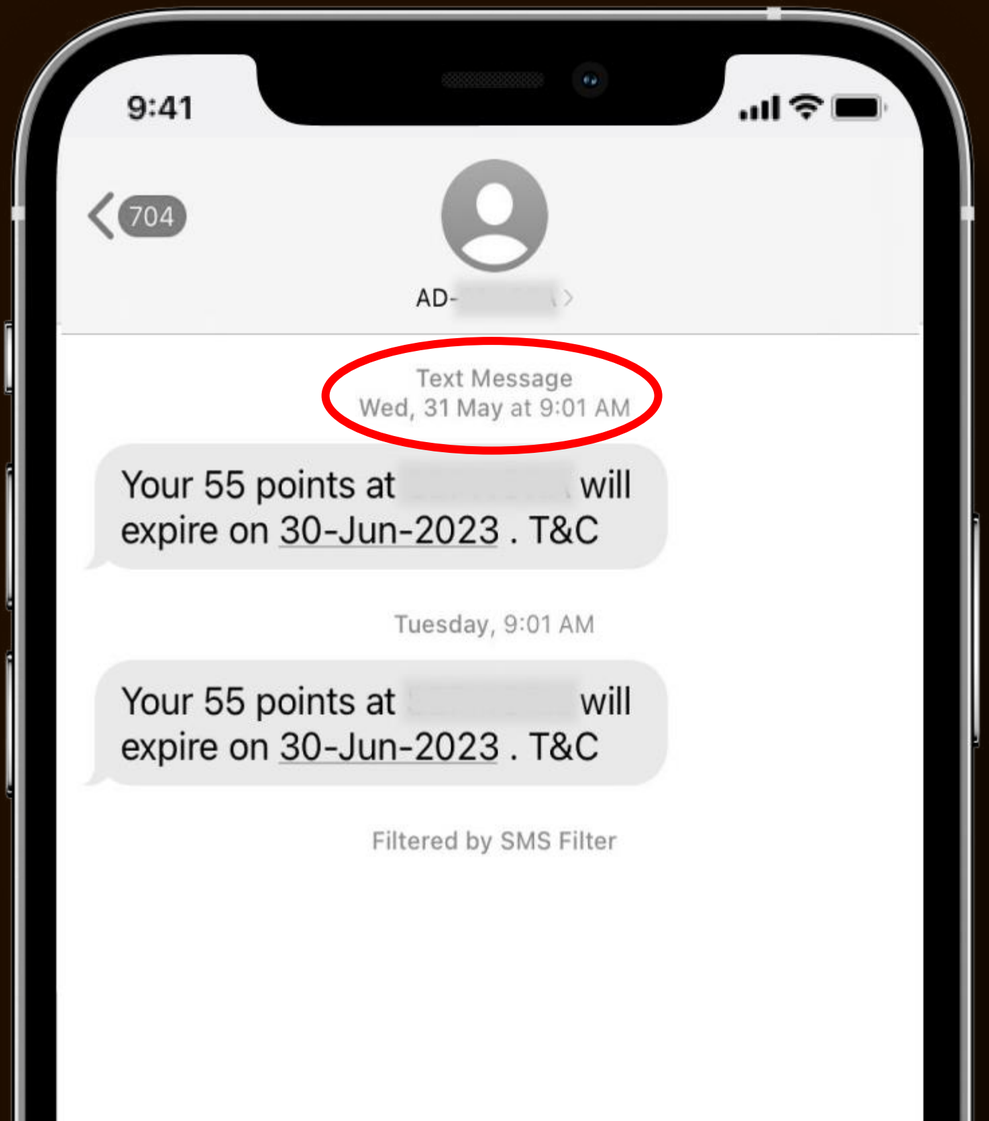

Perceived Friction

“I didn’t know I even had these points”

“How do I use them?”

“They don’t expire for a month; I’ll see this later”

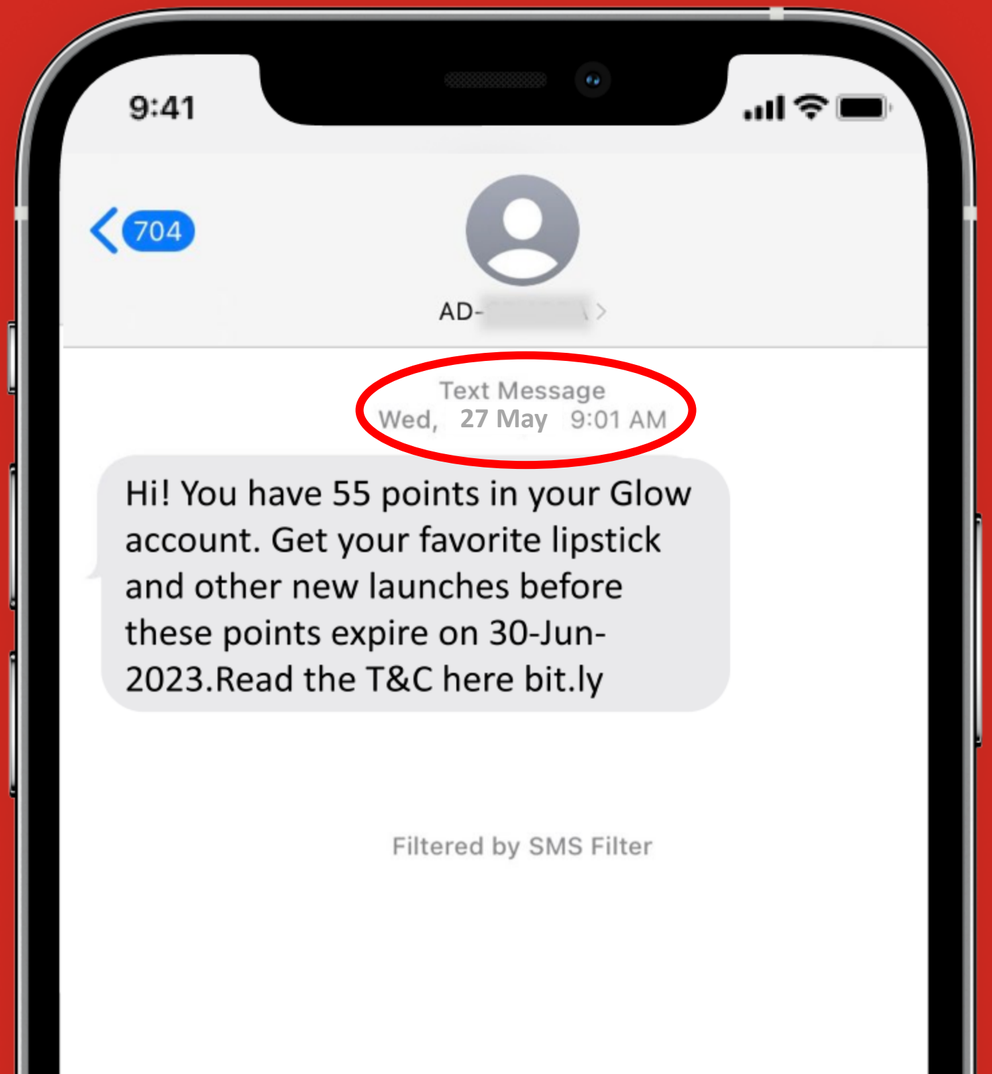

Opportunity Cost

SAMPLE

Me®

After

Relevant time creates urgency

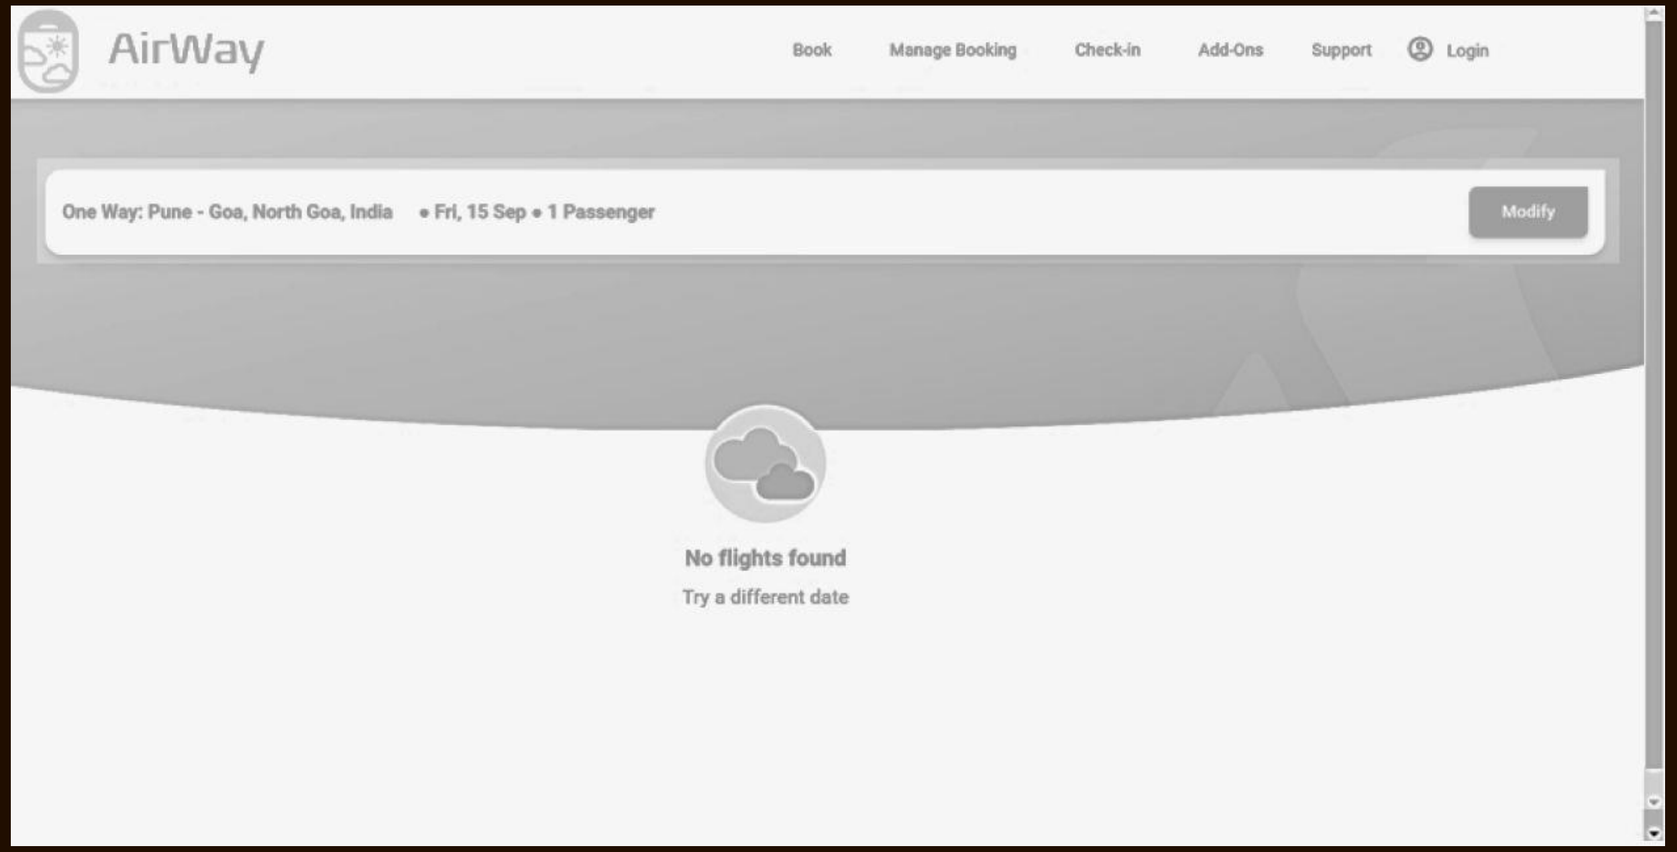

Cross-sell creates curiosity

Link for easy access to T&C

Creates wallet share.

SAMPLE

Before

Perceived Friction

“Why are no flights found?”

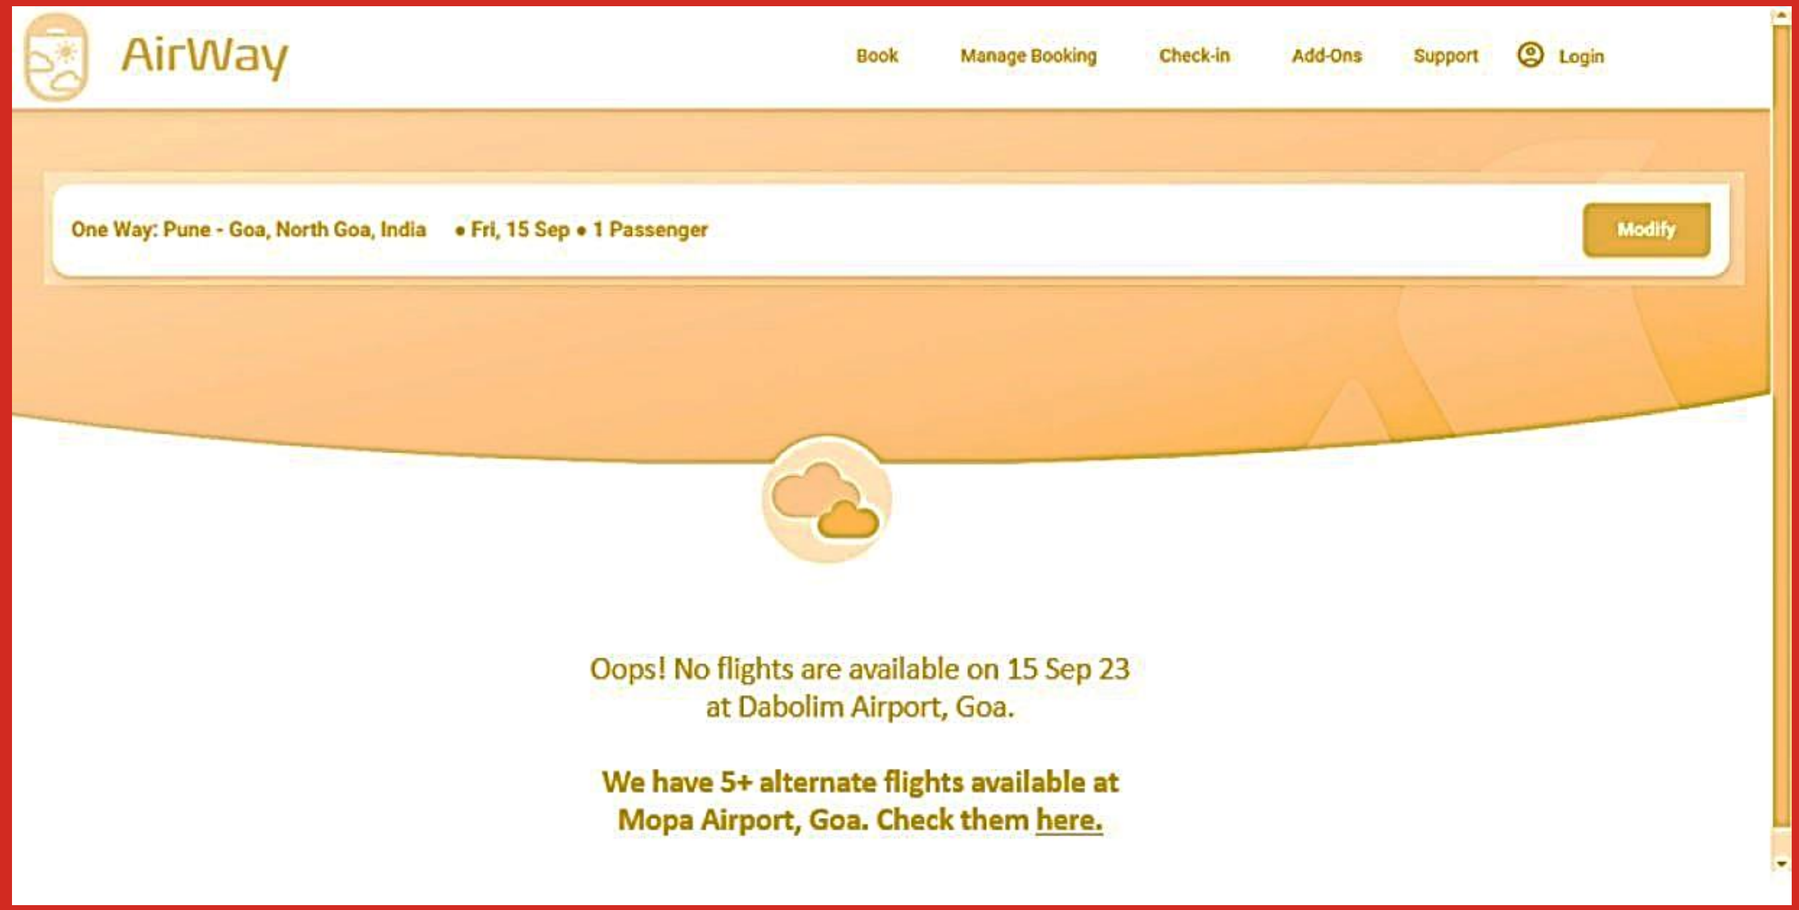

“Is it because of the location?”

“What can I do now?”

Leads to cart abandonment

SAMPLE

After

Provides a reason for unavailability

EAS®

Friction

Customers hate effort. The human brain is designed to feel effort and the resultant friction as pain.

You cannot eliminate what you cannot measure. Measure and eliminate friction with the Effort Assessment Score.

Create happier customers.
